

SETUP & PLACEMENT

Steps 01-04 / PT-202GN

Follow the illustrated sequence below for setup, placement, inspection, release and reuse.

READ ALL STEPS BEFORE USE / WEAR GLOVES WHEN SERVICING

01 OPEN

PT-202GN OPERATING STEP

ACTION

Set the trap on a stable surface. Release the centre latch and lift the full-width lid from the front edge.

KEY CHECK

Lift the lid from the front edge

02 BAIT

PT-202GN OPERATING STEP

ACTION

Hold a piece of cheese between gloved fingertips and place it on the flat floor, slightly toward the front long edge and clear of both metal entry assemblies.

KEY CHECK

Keep bait clear of both entry assemblies

03 CHECK & CLOSE

PT-202GN OPERATING STEP

ACTION

Check that both metal assemblies are present and unobstructed. Lower the lid and press the centre latch until secure.

KEY CHECK

Centre latch fully engaged

04 PLACE

PT-202GN OPERATING STEP

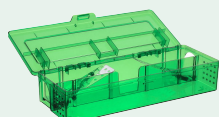

ACTION

Place on a level, dry floor with the long side close and parallel to a wall. Keep both short-end openings clear.

KEY CHECK

Both end openings unobstructed

PRODUCT REFERENCE / PT-202GN

Plastic Slim Multi Catch Mice Trap - Green
ABS plastic / 27 x 11 x 5.3 cm / 300 g

CHECK, RELEASE & REUSE

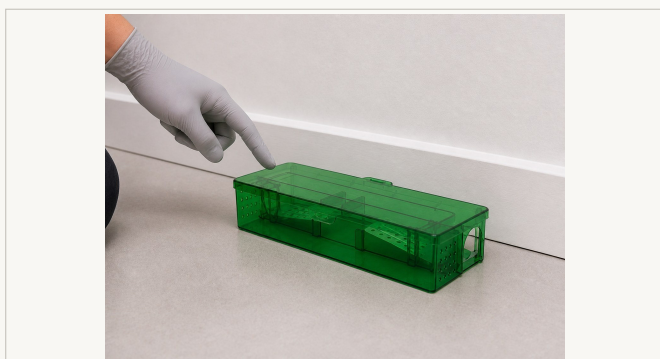

Steps 05-08 / PT-202GN

Follow the illustrated sequence below for setup, placement, inspection, release and reuse.

READ ALL STEPS BEFORE USE / WEAR GLOVES WHEN SERVICING

05 INSPECT

PT-202GN OPERATING STEP

ACTION

Check the trap regularly through the translucent lid. Keep the lid closed until servicing is required.

KEY CHECK

Service promptly when occupied

06 RELEASE

PT-202GN OPERATING STEP

ACTION

Wear gloves. At a suitable release location, open the full lid, keep hands clear and step back.

KEY CHECK

Follow local release requirements

07 CLEAN & DRY

PT-202GN OPERATING STEP

ACTION

When empty, wipe the interior with a damp cloth without bending the metal assemblies. Dry completely.

KEY CHECK

Do not bend the metal assemblies

08 RESET

PT-202GN OPERATING STEP

ACTION

Close the dry lid, press the centre latch and confirm both short-end openings are unobstructed.

KEY CHECK

Lid secured; both passages clear

SERVICE SAFELY

Wear gloves and avoid direct contact with animals. Follow local pest-control and animal-welfare requirements. Keep the product away from children and pets during servicing.

Inspect regularly and follow local pest-control and animal-welfare requirements.
