

BAIT, SET & POSITION

STEPS 01-04

PT-101BULK plastic mouse snap trap / read all steps before use

WARNING — SNAP ACTION / KEEP FINGERS CLEAR OF THE TOOTHED STRIKE AREA

01 CHECK BEFORE USE

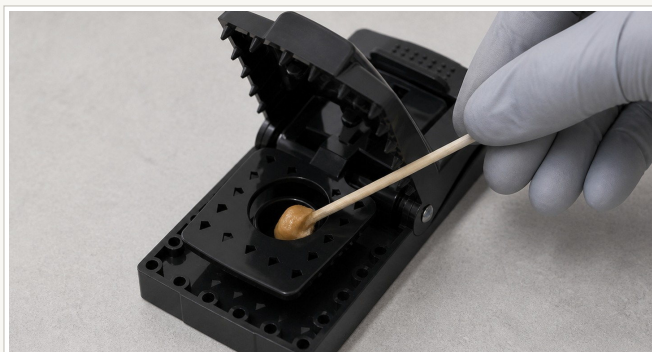

ACTION

Confirm the trap is unarmed. Check the ABS body, toothed frame, trigger platform and side pivots. Do not use a cracked, loose or damaged unit.

KEY CHECK

Mechanism intact; fingers clear

02 BAIT THE CUP

ACTION

Place one pea-sized dab of sticky bait, such as peanut butter, only inside the central deep bait cup. Do not spread bait over the trigger platform.

KEY CHECK

Bait remains inside the cup

03 SET THE TRAP

ACTION

Place the trap on a flat surface. Keep fingers out of the toothed strike area and press the rear textured set/release pad slowly until the mechanism locks.

KEY CHECK

Toothed frame upright and latched

04 POSITION AT A WALL

ACTION

Place the set trap perpendicular to a wall, forming a T. Put the bait-cup and toothed end closest to the wall; point the rear setting pad into the room.

KEY CHECK

Baited end closest to the wall

PRODUCT REFERENCE / PT-101BULK

ABS plastic / 10.3 x 5 x 5 cm / 52 g / designed for mice

Set only on a flat, stable surface. Keep bait and trap away from children and pets.

CHECK, DISPOSE & REUSE

STEPS 05–08

PT-101BULK plastic mouse snap trap / read all steps before use

WARNING — SNAP ACTION / KEEP FINGERS CLEAR OF THE TOOTHED STRIKE AREA

05 INSPECT DAILY

ACTION

Approach from the rear and check the trap every day without touching the trigger area. If there is no catch after 2–3 days, move it to fresh mouse activity.

KEY CHECK

Do not reach into the strike zone

06 NO-TOUCH DISPOSAL

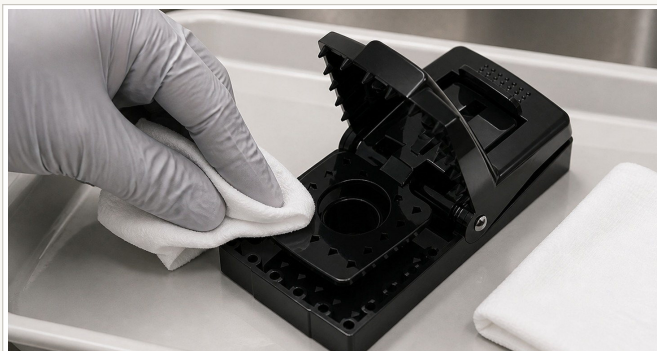

ACTION

Wear gloves. Disinfect the catch, trap and nearby area and observe the product-label contact time. Hold over an open lined bag; press the rear pad. Seal, double-bag and dispose locally.

KEY CHECK

Hands remain behind the pivots

07 CLEAN THE EMPTY TRAP

ACTION

With the trap empty and unarmed, clean all accessible surfaces using an ABS-compatible disinfectant exactly as labelled. Rinse or wipe only as the label permits; dry completely.

KEY CHECK

Follow label contact and rinse directions

08 DRY & INSPECT

ACTION

Dry completely. Inspect the body, teeth, pivots and spring before reuse. Reset only when dry, or store unbaited and unarmed away from children and pets.

KEY CHECK

Do not reuse damaged parts

SAFETY & SERVICE

Designed for mice only. Never test the trigger with a finger. Keep the trap and bait out of reach of children, pets and non-target animals. Wear rubber or plastic gloves when handling a caught rodent or contaminated trap. Follow the disinfectant label and local disposal requirements. After disposal, clean reusable gloves before removal or discard disposable gloves, then wash hands.
