

PT-205

SMALL GALVANIZED MULTI-CATCH MICE TRAP - SOLID LID

Narrow 9.5 cm profile / opaque galvanized top / one short-end entrance at each end

OPEN PRODUCT VIEW / SOLID LID + TWO INTERNAL TUNNEL MODULES

PRODUCT-SPECIFIC CONSTRUCTION

SOLID GALVANIZED LID

The opaque steel top covers the full chamber in service. Open the lid to inspect status.

TWO SHORT-END ENTRIES

One rounded entrance at each short end follows bidirectional mouse travel along a wall run.

TWO INTERNAL TUNNELS

One galvanized tunnel module is installed near each end of the shared centre chamber.

9.5 CM BODY WIDTH

The compact footprint suits restricted dry indoor runways where a wider trap is impractical.

FULL TOP ACCESS

The single long-edge-hinged solid lid opens for inspection, release, wiping and drying.

TWIN-TUNNEL INTERIOR

Two internal tunnel modules / open centre chamber / steel case

SOLID-LID, NARROW-RUN MONITORING

PT-205 compresses a two-ended live-capture layout into a 9.5 cm-wide galvanized body. Two internal tunnel modules feed the shared centre chamber. The opaque solid lid must be opened for status inspection.

TYPICAL INDOOR PLACEMENTS

Narrow wall edges, utility rooms, warehouses and other dry indoor locations with confirmed mouse travel. Keep the rounded entrance at each short end clear.

TARGET

MICE

MATERIAL

GALVANIZED STEEL

PRODUCT SIZE

26.5 x 9.5 x 5 CM

UNIT WEIGHT

506 G / PC*

SUPPLY

BULK PACKING

STANDARD SUPPLY FORMAT

BULK PACKING / 12 PCS PER MASTER CARTON

Loose product in the master carton; no individual colour box in this specification.

LIVE-CAPTURE DEVICE

Inspect on the site service schedule;
under local welfare requirements.

BULK SUPPLY & EXPORT PLAN

Standard product data, master-carton specification and door-height-based loading plan.

12 PCS

PER MASTER CARTON

A TRUE BULK-PACKING FORMAT

PT-205 is supplied as loose product in the master carton. Individual colour boxes and other retail presentations are separate configurations and require new carton and loading calculations.

STANDARD PRODUCT & ORDER DATA

ITEM NO.	PT-205
PRODUCT	Small galvanized multi-catch mice trap - solid lid
TARGET	Mice
MATERIAL	Galvanized steel
PRODUCT SIZE	26.5 x 9.5 x 5 cm
UNIT WEIGHT	506 g / declared value*
PACKING	Bulk packing / 12 pcs per carton
CARTON	31 x 20 x 27.5 cm
CARTON WEIGHT	5.88 kg N/W / 6.3 kg G/W
MOQ	2,004 pcs
REFERENCE LEAD TIME	30 days / subject to order confirmation

CLOSED SOLID-LID PROFILE

Opaque galvanized top / narrow 9.5 cm steel case

OPEN CHAMBER VIEW

Two enclosed end tunnels / central holding space

WEIGHT RECONCILIATION

506 g x 12 = 6.072 kg; declared carton N/W is 5.88 kg.
Confirm unit and carton net weights before order and shipment release.

BULK LOADING - 12 PCS / CARTON

Upright cartons / 1,200 x 1,000 x 144 mm pallet

PALLET
15 CTN / LAYER

20' GP
10 PALLETS

40' GP

40' HQ
20 PALLETS

CONTAINER	FLOOR LOADED	PALLETIZED
20' GP	1,624 CTN / 19,488 PCS 29 x 7 x 8 conservative build	10 PLT x 105 CTN = 1,050 CTN 12,600 pcs / 7 layers / 2,069 mm
40' GP	3,344 CTN / 40,128 PCS 38 x 11 x 8 conservative build	20 PLT x 105 CTN = 2,100 CTN 25,200 pcs / 7 layers / 2,069 mm
40' HQ	3,762 CTN / 45,144 PCS 38 x 11 x 9 conservative build	20 PLT x 120 CTN = 2,400 CTN 28,800 pcs / 8 layers / 2,344 mm

* Unit weight and carton N/W are both declared values but do not arithmetically reconcile; confirm before shipment release.

Pallet plan uses a no-overhang 15-carton layer with a nominal 1,000 x 930 mm footprint; layers use door-opening heights.

Floor quantities reject near-zero-clearance patterns. Confirm tolerances, dunnage, payload and assigned equipment by trial loading.
